Comment : Morse code has been the foundation for communication forever. We continue to use it as a form of communication. Amateur radio services, during emergency situations, are vital and a necessary. In some situations, morse is the only way to get through. We need to keep this as a qualifier for a Amateur Radio License. Even 5 W.P.M. would be enough to communication in an emergency. An Amateur Radio Operator does not have to be an expert in the art of sending or receiving morse. But, surely, should be able to copy during emergencies.

Charles R. Wyatt, N7HVR
